TrustedChoice.com pushes leads towards your agency while Trusted Choice resources help you improve your agency image and convert leads into sales at a higher rate

TRUSTED CHOICE® BASICS

Q. What is trusted choice?

Trusted Choice® is the national marketing brand created exclusively for Big "I" (IIABA) members to help consumers understand the value that an independent agent offers. This is not a market access program but a brand that is designed to highlight the strengths of independent insurance agents: **Choice, Customization, and Advocacy.**

Q. What is IIABA and how does it relate to Trusted Choice?

The Independent Insurance Agents & Brokers of America (IIABA, or Big "I") is a national alliance of 300,000 business owners and their employees offering all types of insurance and financial services products. Unlike company-employed agents, IIABA independent insurance agents and insurance brokers represent more than one insurance company – so they can offer clients a wider choice of auto, home, business, life and health coverage, as well as retirement and employee-benefit products. Trusted Choice® was launched by the IIABA and several independent agency companies to highlight the benefits independent agencies and brokerage firms offer consumers: Choice of companies, Customization of policies and Advocacy support. Trusted Choice is just one of the many benefits members of IIABA receive.

Q. What are the agent benefits of becoming a Trusted Choice member?

Trusted Choice is the premier consumer brand for independent insurance agents and provides national advertising and other strategic tools to reach and influence consumers. The brand offers IA's greater consumer awareness by providing top quality resources to assist them in effectively marketing and advertising in their local marketplace.

Trusted Choice agencies benefit from the following:

- Licensed use of the consumer tested logo and Pledge of Performance.
- Exposure through national advertising and public relations campaigns.
- Customizable advertising materials.
- Informative consumer articles that can be used in agency newsletters, websites, social media or mailing.
- Customizable press release templates which help garner local press coverage for your agency.
- Support from many Trusted Choice industry partners.
- Marketing Reimbursement Program receive funds for co-branding with the Trusted Choice logo or working with a Trusted Choice preferred partner

Q. Are there competitors that offer Independent Agents access to similar services?

There is another trade association for independent agents, but they do not have a branding program similar to Trusted Choice.

Q. Are Trusted Choice and TrusteChoice.com available to agents in all states?

As long as an agent is a member of the Big "I," they have exclusive access to Trusted Choice and Trusted Choice.com.

BECOMING A TRUSTED CHOICE AGENT

Q. How does an agent qualify to be part of the Trusted Choice brand?

If an agent is a member of their respective Big "I" state association, they are automatically a member of the national association and have access to Trusted Choice. As long as they agree to the Trusted Choice License Agreement (basically saying they won't use the logo or brand inappropriately), they are considered a Trusted Choice member agency and have access to all of the tools and resources.

Q. If my agent is unsure if they are a part of the Trusted Choice brand, how can they find out?

All Big "I" members are automatically enrolled as Trusted Choice members. An agent can contact their local state chapter or the national office to confirm membership status.

TRUSTEDCHOICE.COM BASICS

Q. What is TrustedChoice.com?

TrustedChoice.com is a consumer-facing website dedicated to attracting online insurance shoppers to members of Trusted Choice. The site offers consumers access to industry research, rate comparisons, and the chance to evaluate and select an independent agent who can meet their unique needs and advocate on their behalf.

TrustedChoice.com also provides:

Personal lines quoting for Auto and Home

Resources for research on specific lines of insurance

Blogs written by trusted internet authors answering top consumer questions

Educational content to help consumers understand the value of the independent agent

Q. How does an agent sign up for TrustedChoice.com?

Current IIABA members receive a Basic listing with a profile under the Agent Directory on TrustedChoice.com. To update your profile, please call Client Success at (855) 372-0071. To be actively recommended on TrustedChoice.com to buyers who enter their criteria, an agency needs to subscribe to a higher profile tier. Agents who are not currently a member of IIABA must first sign up for the IIABA to have a presence on TrustedChoice.com

Q. What is the difference between different profile tiers?

- The lowest level of profile is free and will list your agency in the Trusted Choice directory. Higher profile tiers allow your agency to share more information, appear prominently in search results, and purchase active leads.
- For current profile offerings, please visit trustedchoice.com/advantage

Q. What is the value proposition for agents?

TrustedChoice.com brings the value of the Trusted Choice national brand together with the power of search engine optimization (SEO), driving over 7 million yearly insurance shoppers to the site to connect with an Independent Agent. This combination of technology and brand recognition provides members with web presence and consumer reach that would be impossible to achieve individually.

Q. Does an agent have to pay to participate?

The Basic profile is free to all Trusted Choice members. A Member Plus profile is only available and free to members of select state associations who participate in the program. Visit <u>TrustedChoice.com/Advantage/Sign-Up</u> for a listing of states for Member Plus and detailed pricing of Advantage.

Q. How does the referral process work?

Consumers who visit TrustedChoice.com and enter their criteria are matched with recommended Advantage and Member Plus agencies. Once a consumer selects an agency, then the agency receives a referral notification with the details of the insurance shopper and their preferred contact method.

There are two potential referral types available after a consumer requests contact: Phone Referrals and Email Referrals. With both phone and email referrals, the agent is notified via email from Trusted Choice.com when they have received a referral.

The consumer simply calls the agency they've selected using a tracked phone number placed on the agency profile in TrustedChoice.com. (Note: This is not the agency's actual phone number — although it does ring through to the agent — but one that allows TrustedChoice.com to monitor the referrals.) The consumer can also select a preferred time to be contacted by the selected agency.

Email Referrals

This generates an email message to the selected agency directly from TrustedChoice.com. The agency can then reach out on their own to the consumer. Consumers may also find an agent's profile on TrustedChoice.com and make contact with them via their website or through social media (however, these methods are not tracked by Trusted Choice).

Q. Can an agent control which types of referrals they receive?

Yes, only available for Advantage and Member Plus agencies. Through the TrustedChoice.com Agency Dashboard, agents can identify which carriers they represent and choose from which types of products they prefer to receive consumer referrals.

Q. Are the referrals exclusive to a single agent?

No, consumers may request quotes from multiple agents. Most often, they only select one agency, but we've seen as many as three agents selected for the same risk. There are options to purchase exclusive real-time referrals.
